## Changing the College Cycle & Walking Routes for Students

**Why are we asking you to do this?**

**Safety:**

- We are aware that there are lots of vehicles and large coaches coming onto and leaving the college roadways both in the morning and the afternoon when you are all trying to get into or out of college.
- No doubt you will be aware of some of the accidents which have happened on both Hillson Drive and Henry Cort Drive.
- We have planned these routes into and out of college to assist with keeping everybody safe.
- We hope you will work with us to achieve this.

If you have a lift into and home from college we aren't asking you to do too much, just keep yourselves safe by obeying the Rule of the Road and follow any signs, **Such as Look Right to check for vehicles before crossing Car Park Entrances.**

If you walk to and home from college, use **the new walk to college route via the Tennis Courts**, by doing this you are helping us to reduce pedestrian congestion on The Henry Cort Drive and keeping everybody safe.

If you ride into college use **the new ride to college route via the Tennis Courts**, as soon as you come onto the college site get off your bike and push it up to the cycle racks, when you leave college don't get on your bike until you have left the college site this is again to help reduce congestion and keep everybody safe. From September you will need a bike permit to be allowed to bring your bike onsite.
