

News of Mrs Lloyd's death in January was received with great sadness by the college community but it is a testimony to the strength of relationships which brought Henry Cort together. The love and care expressed for Mrs Lloyd's family and the college was indeed humbling and we will be forever grateful to staff, students, families and friends for the way they have supported each other at such a difficult time.

Students are going to create a purple memorial border, in Mrs Lloyd's memory outside where she worked. We are appealing for donations of purple flowering shrubs or plants from Monday 23 April as work will start on Thursday.

We have raised £839.00 for Myositis UK and just short of our £1000 Just Giving target. If you would like to donate please visit: www.justgiving.com/fundraising/the-henry-cort-community-college.
