Dear Parent/Carer

Doodle Intervention 2021

I am writing to inform you about a new online intervention package which we hope will support <StudentName> to develop their <numeracy/literacy>.

Your child has been selected to take part because school data suggests they need extra support in this area.

The intervention itself starts with a baseline assessment which identifies strengths and weaknesses in key areas. The programme then creates a number of exercises for your child which will help them develop and hopefully embed key <numeracy/literacy> skills to improve their future learning.

The intervention will take place twice a week for four weeks, and your child will have to come out of some lessons in order to do this. I feel the benefits of the programme longer term will justify missing some lessons in the short term.

If you strongly feel your child should not participate in this intervention, please contact me immediately. If I don't hear from you I will assume you are happy for your child to be involved.

I hope this intervention has a really positive and long-standing impact.

Your sincerely

Mr B Parker
