Dear Parents and Carers

Extra-Curricular Enrichment Activities

We are excited to announce the launch of our extra-curricular enrichment activities for the upcoming half term. This program is designed to provide students with opportunities to explore new interests, develop valuable skills, meet new people and engage in fun, educational experiences beyond the classroom.

Activities offered this half term include some of the following:

- **STEM Club** – Hands-on science and technology projects
- **Creative Arts** – Drawing, painting, and crafts
- **Drama and Theatre** – Acting, improvisation, and stage skills
- **Sports and Fitness** – Team games and physical activities
- **Music and Choir** – Singing, instruments, and musical exploration
- **Homework help and study skills** – Academic support in a relaxed setting

If your child is interested in representing the college in sports fixtures, more information will come directly to you from the PE Department. Please see the [full timetable](#) on our website.

Schedule and Registration

This year we are setting up a centralised system of extra-curricular clubs to help aid the communication of our extra-curricular offer to students and parents. Each half term I will contact you regarding the clubs we are offering as although some of our activities will run a whole term or longer, some are shorter projects, workshops or experiences to help us provide a range of opportunities that will hopefully appeal to a wide range of students.

Activities will run Monday to Friday either during lunch or after college from 2:45pm to 3:45pm, starting 15 September 2025. To enable all students to participate, we run a late bus service Monday to Thursday departing at 4:05pm. Details of stops can be found on the transport page on our website.

Students may sign up for one or more activities depending on their interests and availability via Edulink. Spaces are limited, so we encourage early registration on Edulink by clicking on the 'Clubs' icon on the home page of the Edulink app. Places will be allocated on a first come, first served basis.

We believe these enrichment opportunities will greatly benefit our students by fostering creativity, collaboration, and confidence.

ASPIRE

ACHIEVEMENT * SUPPORT * PERSEVERANCE * INDIVIDUALITY * RESPECT * EXCELLENCE

If you have any questions or need further information, please do not hesitate to contact us via your child's tutor.

Thank you for your continued support.

Yours sincerely
