Dear Parents/Carers

Winchester Science Centre Trip

We are delighted to offer Year 7 students an exciting opportunity to visit **Winchester Science Centre** on **Friday 19th June**. This educational day will allow up to **78 students** to deepen their understanding of science through inspiring, hands-on experiences that directly support the Year 7 science curriculum.

During the visit, students will explore interactive exhibits covering topics such as sound, space, and the digestive system. They will also take part in a Rocket ship workshop and enjoy an immersive planetarium space flight, giving them the chance to explore our galaxy in an engaging and memorable way.

Travel to and from the Science Centre will be by coach. We will leave school at approximately **09:15** and return by **14:35**, in time for the college buses. Students must wear full college uniform and bring a packed lunch and drink. There will be a small gift shop, and students may have the opportunity to make purchases if time allows.

The cost of the trip is **£22.00**, payable via **Scopay once places have been confirmed**. Should the trip be oversubscribed, places will be allocated by a **random draw**.

If you would like your young person to be considered, please complete [this consent form](#) to register their interest and to ensure medical and contact details are up to date by **Monday 4th May**. Confirmation of places will be sent via **Edulink by 7th May**, after which payment will be required.

We hope this trip will inspire curiosity and enthusiasm for science.

Yours sincerely,

Ms F Black
Science Technician
