13 October 2026

Dear Parents/Carers

Year 9 Ordnance Survey Immersive Day Monday 16 November 2026

We have been invited to take 12 students to an exciting, immersive opportunity at Ordnance Survey, Adanac Park, Southampton. This event will give students an insight into the variety of careers, skills and technology involved in mapping and understanding the world around us.

Throughout the day, students will experience a range of interactive and hands-on activities designed to bring the world of work to life. They will have opportunities to explore areas such as mapping, data, geography, digital technology and innovation, while discovering the wide variety of career pathways and roles that can exist within a modern organisation.

We will be travelling to the event by minibus and plan to leave **The Henry Cort Community College** at **8:45am**. We expect to return to the college at approximately **3:00pm**. If your young person normally travels home on the county school bus, please make alternative arrangements for their journey home. Alternatively, they may remain on site and use the late bus, which departs at **3:50pm**.

Students are required to wear **full college uniform** and should bring a **packed lunch** and **water bottle** with them on the day.

Although the event is free, we are asking for a £2 contribution towards the cost of fuel which will be payable via scopy once your young person's place is confirmed.

If this is something you think your young person would be interested in, please complete [this consent form](#) by noon on Thursday 22 October 2026. **If the trip is oversubscribed, places will be allocated by randomly drawing students' names from a hat. You will then be informed via Edulink whether your young person has secured a place.**

If you have any queries or require further information please get in contact with me via the college office or via sac@henrycort.org

Your sincerely,

Mrs S Hills
Transition Manager
